SEBASTIAN ARAQUE

Front-End

Profile

As a graduate of a Bachelor of Science degree in Game Design from Full Sail University, I possess a diverse skill set in game development. From coding to level design and gameplay creation, I'm proficient in various aspects of the process. My collaborative nature ensures effective teamwork, while my proactive approach to learning new programming languages keeps me abreast of technological advancements. Furthermore, my problem-solving skills contribute significantly to overcoming challenges encountered during game development.

Technical Skills

Unreal Engine

Unity

C#

C++

Blueprint Scripting

GitLab

Perforce

Trello/ClickUp/Jira

Blender

JavaScript

Visual Studio Code

HTML, CSS

Experience

P1 Games, Remote, 2024 - Present

Volunteering, Game Designer, Programmer

Through this volunteer experience, I have developed strong teamwork skills by collaborating with people from various countries. Additionally, I have gained significant knowledge and expertise in Unreal Engine, particularly in programming with blueprints.
